Library Survey Data: Visualizing with Tableau

Dr. Starr Hoffman & Ashley Hall
University of Nevada, Las Vegas

Library Assessment Conference
October 31 - November 2, 2016

- Raw survey data
- Comparison of various survey response rates
- Analysis map – plan for visuals
- Data reshaped for Tableau
- Completed workbook in Tableau Server
- Single dashboard with Ithaka survey data
- Continuous (longitudinal) survey data
- Data source wrangling for Tableau Server
- Area in shared (library-wide) drive for storing data sources (primarily Excel)

Thematic analysis of open-ended survey comments

- Comparison of various survey response rates
- Analysis map – plan for visuals
- Data reshaped for Tableau
- Completed workbook in Tableau Server
- Single dashboard with Ithaka survey data
- Continuous (longitudinal) survey data
- Data source wrangling for Tableau Server
- Area in shared (library-wide) drive for storing data sources (primarily Excel)
